

REPORT OF THE HANDICAP COMMITTEE

Each golf association utilizing the USGA Handicap System appoints a handicap committee to ensure the integrity of each handicap index of each member.

Our job is to make certain each member complies with the USGA Handicap System and understands the system. It is not to discourage players, but to maintain fair and equitable competition among the players.

This was our first season, and we started by establishing a record of all players gross and net scores for each site a game was played. Now that the regular season is complete, the committee will review the results.

We would like to remind players to do the following:

1. Remember to post winter scores if you are in a climate that enables you to play during the winter months.
2. Post scores as soon as possible after a round. Do not save and post several at once.
3. Remember to adjust score, if necessary, before posting

Almost all scores are acceptable to post because the basic premise of the USGA Handicap System is that every player will try to make the best score at each hole in every round.

If anyone has questions, please do not hesitate to contact a member of the committee.

Respectfully submitted

Handicap Committee
