

Budget Committee Report 2015  
Helen Plourd, Chair  
Shirley Kile  
Trudy Dorval

Participation has been light this year, and collectively we all must strive to improve these numbers. Some course have expressed that our numbers must increase if we want them to continue to be on our schedule. Therefore, we all must be sincere in encouraging new members to join us on Tuesdays.

Since our numbers are decreasing, maybe we should be considering having just one course to appease these courses? Many Tuesdays the numbers of players added together for both courses could very easily be appropriate for one course. Something to think about since we do not want to lose any club memberships. The most imperative thing is to have our member clubs be happy about hosting our tournaments.

Financially, we we could break even if the last few tournaments have great attendance. If not we will be in the RED!

Thanks to all who have supported us this year, and looking forward to seeing you at our tournaments next year. Be thinking about new candidates and courses to join WMSGA.

Yours in golf,  
Helen Plourd and committee
